CCG COLLEGE

A BIT ABOUT US

What we do

We offer learners the opportunity to gain an understanding of the range of opportunities when working in Health and Social Care, we want our learners to see the sector is as a job of choice that impacts on and makes a difference to the lives of the people they work with.

We offer training that leads to employment and work experience via our sister company.

Why work for us?

Our agency staff work to a high standard and we are recognised in the industry for the quality of care we deliver we want to build on this reputation and offer our training to more learners with the aim of them achieving sustainable employment.

ACCREDITED PROGRAMMES

OFFERED BY CCG COLLEGE OF SKILLS INNOVATION

Pearson BTEC National Level 3 Diploma in Health and Social Care (full suite)

The health and social care sector is a major employer of almost 4 million people in the UK, many of which are highly skilled. Almost 1.7 million job openings are expected over the period to 2020. It also makes a vital contribution to all other aspects of the economy and society by creating a healthy and productive workforce and by caring for the ageing and the vulnerable.

Services provided by the sector will touch every individual and family in the UK.

Within this suite, the Pearson BTEC Level 3 Diploma (720 GLH) is primarily an Applied General qualification, equivalent in size to two A levels, which has been designed to occupy two-thirds of a full-time curriculum, enabling learners to develop a significant common core of knowledge, including communication skills, equality and diversity, health, safety and security, human lifespan development, anatomy and physiology, sociological and psychological perspectives.

Learners are also required to study personal and professional development, which requires a minimum of 100 hours in placement within health and social care settings.

This qualification provides an extensive opportunity to study in more depth a range of option areas of their choice, such as:

- R Working in the social care/health sector
- R Values and planning in social care
- R Caring for children and young people
- R Promoting health education
- R Infection prevention and control

Pearson BTEC National Level 3 Diploma in Business (full suite)

The UK is the 6th largest economy in the world, consisting of micro, small, medium and large businesses and organisations operating across the private, public and third sectors and employing 29.7 million people.

The CBI's Education and Skills Survey 2013 revealed self-management, business and customer awareness, team-working and problem-solving as key attributes that employers look for in potential employees.

As the UK's economy rebalances following the financial crash of 2008 and businesses adapt to the disruption and opportunities presented by emerging technologies, there are many opportunities for entrepreneurs and employees with a sound understanding of finance, marketing, sales and management.

Within this suite, the Pearson BTEC Level 3 Diploma (720 GLH) is primarily an Applied General qualification, equivalent in size to two A levels, which has been designed to occupy two-thirds of a full-time curriculum, enabling learners to develop a significant common core of knowledge, including the business environment and marketing. The qualification also allows learners to choose one of nine different specialist pathways e.g. accountancy, marketing, human resources, covering a broad bank of 42 optional units including:

- R Accounting Systems
- R Relationship Marketing
- R Aspects of Employment Law
- R Managing a Business Event
- R Supply Chain Organisation

ACCREDITED PROGRAMMES

OFFERED BY CCG COLLEGE OF SKILLS AND INNOVATION

Pearson BTEC National Level 3 Diploma in Hospitality (full suite)

The hospitality sector spans a range of 20+ industries including hospitality services, contract food services, holiday parks, hotels and other venues, events management and visitor attractions.

Together, the sector contributes over £63 billion in GVA each year and employs approximately 2.9 million people in more than 419,000 establishments. The majority of the organisations are private sector.

Within this suite, the Pearson BTEC Level 3 Diploma (720 GLH) is a vocational qualification, equivalent in size to two A levels, which has been designed to occupy two thirds of a full-time curriculum, enabling learners to develop a significant common core of knowledge, including the scale, structure and organisation of provision of the hospitality industry, the principles of supervising customer service, how to provide customer service and why good customer service is essential for hospitality businesses to succeed, and how financial control is managed in the hospitality sector; and providing extensive opportunity to study in more depth a range of option areas of their choice, such as:

- R Cookery of a range of cuisines
- R The principles of nutrition for healthier food and special diets
- R Food and drinks service
- R Events management
- R Business enterprise and marketing
- R Personal and professional practice

Pearson BTEC National Level 3 Diploma Creative Media Production (full suite)

The UK's creative industries include television and film, publishing and advertising, radio and computer games development.

The Department for Culture, Media & Sport estimate that the creative industries are worth £36 billion a year and employ 1.5 million people in the UK.

The UK's creative industries have been identified as a strategic growth sector by the Government.

Within this suite, the Pearson BTEC Level 3 Diploma (720 GLH) is primarily a Technical Level qualification, equivalent in size to two A levels.

It covers many aspects of the UK's Creative Industries and, as well as an unendorsed pathway, there are six endorsed pathways available in:

- R TV and Film
- R Radio
- R Sound Recording
- R Print Based Media
- R Interactive Media
- R Games Development

WORK PROGRAMME PROVIDERS

CCG College of Skills and Innovation offers a flexible solution for JCP/Work Programme Providers looking to support their learners into work. We have the skills and expertise to equip your learners for the labour market, help them to secure a job and track their progress after leaving unemployment.

Our aim is to ensure Work Programme Providers are recognised in their communities for providing learners with a smooth transition from learning into work.

We can support your organisation to:

- * Equip learners with the right mindset and skills to enter the labour market
- * Help learners secure a job in the hidden labour market
- * Maximise your Traineeship/Apprenticeship numbers
- * Track learners' progress into work and other destinations
- * Optimise your learner destination outcomes
- * Maximise funding available to your organisation
- * Enhance your organisation's employability reputation with learners, employers and other stakeholders

As unemployment statistics continue to rise, it's more important than ever that we have the right skills and confidence to improve our career prospects. That's why we have produced a range of key qualifications that will prepare learners for the workplace.

These qualifications provide learners with the essential numeracy, literacy, ICT, vocational and personal skills required by employers. Not only do they meet the needs of employers and learners, they can be delivered as part of Entry to Employment, Skills for Life and Employer Responsive packages. We've looked across all our sectors to provide a wide variety of relevant qualifications that will fit different circumstances, give learners choice and support them through each step of their work-ready development.

You may be particularly interested in the following areas:

- * Employability Skills
- * Business Start-up and Enterprise Skills
- * Functional Skills
- * Traineeships
- * Apprenticeships

TRAINEESHIPS

Designed to help young people aged 16 to 24 who don't yet have the appropriate skills or experience, traineeships provide the essential work preparation training, English, maths and work experience needed to secure an apprenticeship or employment

CCG College of Skills and Innovation, have a range of Traineeship opportunities available with local employers that get you straight into the work place.

If you are:

Aged between 19 - 23

Unemployed and looking for work experience

Have qualifications below a Level 3 (equivalent of 2 A Levels)

Live in London or Dorset

Be willing to commit to up to 4 weeks work experience

WORK EXPERIENCE

Up to 4 weeks work experience in a local business, we have employers waiting in a range of sectors including Health & Social Care, Hospitality, Customer Service, Business Administration and Mentoring.

SKILLS TRAINING

We'll help you get the skills you need, focusing on Sector Training, writing your CV, improving Literacy and Numeracy and soft skills training - basically getting you ready to go straight into the work place.

NEXT STOP AN APPRENTICESHIP?

Making the most of your Traineeship will open up lots of opportunities - it's your first step on the career ladder, most of the businesses we work with are looking for apprentices and we'll do all we can to help you secure one.

WHY COMPLETE A TRAINEESHIP?

First of all, they work:

Our Traineeship programme is geared towards getting you that apprenticeship position that you have been aiming for - as a Trainee you'll get an insight into the business, the work you will be doing and most importantly get the experience you need to get you started in a job.

Real Apprenticeships are on offer:

Many of the companies offering work experience are also offering jobs and apprenticeships; it's down to you to make the most of your traineeship. It will boost your confidence and give you the independence to do what you want with your life.

They're free and you can start right away. We have employers ready and waiting to start your Traineeship - we'll find the best fit for you taking into account your skills and what you were thinking about for a future career.

WHAT OUR PARTNERS SAY

"Capital Training Group has worked in partnership with Speiuss delivering 24+ Advanced Learning Loans since November 2014. Our relationship with the team has been extremely positive throughout this period. Speiuss have a very clear focus on quality and to ensure high quality compliance and data management they purchased licences to our Management Information System. They are a good partner to work with, we're looking forward to another academic year working in partnership "
